

To Look After Orphans...

Religion that God accepts as pure and blameless is this: to look after orphans and widows in their distress and to keep oneself from being polluted by the world.

James 1:27

Adoption Assistance Fund

...In You, the orphan
finds mercy.

Hosea 14:3

A B B A F U N D

Christ Community Church and ABBA Fund partner to help families overcome the financial barrier of adoption

and you can help....
and you can help....

What is the adoption assistance fund?

The fund is available to assist families at Christ Community who are interested in adopting but are challenged by the cash-flow burden of the process.

The main objective of the fund is to make available interest-free loans to qualified families.

What are the loan amounts and repayment expectations?

Loans will range from \$1,000 to \$10,000. Loans should be repaid over a period of five years.

The repayment of these loans is the means by which new loans can be made. So, it is critical that each applicant understands the importance of the commitment to repay in a timely manner.

2010 Update

We have spent the last year raising money in order to establish the fund. We are about half way to our goal which will give us enough money to make our first loans.

Our goal is to be ready in early 2011 to accept applications to help our first families.

What are the application requirements?

Please contact Doug Bowen at 970-353-1159 or dougb@cccgreeley.com

The Adoption Assistance Fund will be funded 100% by individuals interested in helping families who need financial assistance as they go through the process of adoption. The fund will accept applications at any time and loans will be considered as funds are available.

Can we count on you?

- I want to make a tax-deductible donation to help the Christ Community Adoption Fund interest-free loan program.
- I would like to receive an application for an adoption loan from the Christ Community ABBA Fund.
