

The Forever Families Ministry at Christ Community Church is a group of families and individuals with a heart for adoption and orphan care that are dedicated to following God's heart and call for the orphans around the world. As Christians we are called to minister to orphan children through prayer, missions, awareness, education, adoption and advocacy.

**Connecting. Encouraging.
Informing.**

We desire to connect in authentic community through both small group atmospheres, as well as large group events. We are focused on helping children and families as they travel the adoption or foster journeys. While all who have been touched by the miracle of adoption share a common bond, each journey is unique and presents its own joys, and challenges. We are here to inform, encourage, and pray for families and individuals that are pursuing adoption or foster care, sharing a realistic understanding of both the joys and challenges adoptive and foster families often face. The journey continues after the child is welcomed into the family, so we desire to provide effective information, support and resources to post-adoptive families.
