

# SIMPLE FAITH FOODS CAMPAIGN

TAKING THE GOSPEL IN  
PERÙ DURING THE SAME  
WEEK WITH THE SAME  
STRATEGY  
NOVEMBER 24-29 2007  
PERÙ

Pastor from "Mission of Christ" church in **Pasanaya** was decided to close the church because the members didn't want to come to the services because of problems. However, He prayed to the Lord and cried out for the restoration of God's people, but his prayers weren't answered immediately so he decided for the day on November 24th to abandon the Church. On November 23rd, he went to the town of **Saposo**, he contacted with one of our pastor who were going to participate in the simultaneous campaign, and without thinking too much he decided to participate with us.

During the training I felt I must support him and work together.

God acted supernaturally, all the brothers and sisters who had left the church came back, they pardoned and reconciled with each other. Many new people were added. The local of the church is big and has the capacity for 180 people, one night it was completely full. God healed many people. His presence was supernatural.

With tears in his eyes Pastor gave thanks to God for the blessings through the campaign.

WE WENT FOR 10 DIFFERENT STATES OF PERÙ TAKING THE GOSPEL CHANGING LIVES WITH THE POWER OF GOD.

15/01/2008

We worked in the city of Tacna in a place called Locumba. We found a church facing a big problem. The Pastor is young and single and the treasurer of the Church is married. She had fallen in love with him; this caused conflicts in the community because the treasurer's husband was not a Christian. We visited the husband and shared about Jesus, after this he made his decision. Now, His desire is the restoration for his marriage. With the help of God we could support this man.

**(Tacna - Locumba)**

Young missionaries from the Church in Cruz del Norte –Lima participated in this campaign. The Lord has impacted their lives and have been strongly touched by the Lord. God has put in their hearts compassion for the lost. Now they are doing evangelism and visiting the families of our community.

USE  
KIDS  
AND  
LADIES  
TOO!**

**Women is not accepted in pastoral or missionary work in the city of Pampas – Huancavelica as it also happens in many other places, When I arrived to this city I found indifference, but at the end of the campaign many of the pastors who had these ideas admitted they were wrong. One of these pastors approached to me, and told me it was good that a woman could join all of us to work as one in the body of Christ. Praise God!**

- After the campaign we went to share the gospel in a district called "Chonza" we realized that in that there was only one Catholic Church.
- We decided to do evangelism for two hours and the people little by little got closer to the place where we were. About 40 people came, 36 of them made their decision to accept Jesus Christ into their hearts. The next day a person provided us a place to have the meeting; it was a big surprise for us to see the room full with 50 people. We were very happy and even more when they told us that in this place live 500 families, the 10% of the families was dedicated to the Lord. To God be the glory!

### **(Bagua – Amazonas)**

Pastors were divided by their denominations before the campaign began in Pampas – Huancavelica. We suggested them to do a united campaign together with all the churches; they accepted and had a meeting with pastors from different denominations. Initially Pastors thought this wasn't going to give good results, but at the end of the campaign they realized that together we can do great things. Through the unity God uses our lives in a marvelous way!

### **(Huancavelica – Pampas)**

We saw God's glory in a marvelous way in the area of Tumpis in Tumbes. There were two men who had suffered full and partial paralysis.

The man who suffered partial paralysis dragged his feet in order to walk.

The Bible says in Acts 3, "I have no silver or gold, but what I have I give you" So, we help the man to stand up and he began to exercise their muscles and little by little he left dragging their feet. Christ is still healing!

**(Tumbes - Corrales)**

There were some prostitutes in a bar. We started sharing about Jesus. One of the women did not want to listen, she wasn't feeling very well. However, when we were talking about the gospel to her friend, she was touched by the power of God. In a desperate way and almost crying she asked us to share about Jesus also with her. One of them received Jesus and asked to visit at her house; she was with her 8 months baby. For God, Nothing is impossible.
